
EUGENE MUNYAMPUNDU

Software Developer

Phone: +250789394585**E-mail:** munyampundueugene3@gmail.com**GitHub:** <https://github.com/MunyamEugene>**LinkedIn:** [linkedin.com/in/eugene-munyampundu-a8ab30253](https://www.linkedin.com/in/eugene-munyampundu-a8ab30253)

Objective

To further my career with a growth-oriented firm that offers challenging opportunities which provides innovative work, growth and wide exposure to the latest technologies.

Skills

- Proficiency in Typescript and PHP programming languages
- Able to build stable web applications by using PHP laravel framework
- Practical knowledge of PERN Stack (PostgreSQL, Express, React and Node.js)
- Solid knowledge of SQL databases
- Good grasp of Docker

Work History

Backend Developer

Klab, Kigali, Rwanda

March 2022 – September 2022

- Designed flowchart and ER Model for E-waste management system
- Implemented API endpoints for the entire E-waste project by using PHP laravel framework
- Collaborated with front-end developer to ensure proper API endpoints implementation

Cyber Security Intern

Rohde & Schwarz, Kigali, Rwanda

May 2021 – August 2021

- Developed socket based application using python
- Used my solid understanding of OSI model and wireshark skills to analyze network traffic
- Wrote python scripts to automate mobile applications testing by using internal library and Appium framework
- Practiced about internet traffic blocking and classification using PACE2 library under Linux operating system.

Software engineer Trainee

Andela, Kigali, Rwanda

January 2020 – June 2020

- Played key role in client requirements analysis, planning and architect back-end and front-end applications.
- Used React and Node.js to develop assigned features by ensuring security and performance.
- Automated code integration with Cypress CI.

Education

Advanced Diploma in Information Technology

IPRC-Kigali

2013– 2016

Languages

- English and Kinyarwanda
